► What We're All About:

Summer Playschool is an urban program serving approximately 300 ethnically diverse children, ages (K2) 5-14, from East Boston and the surrounding communities.

A low staff to child ratio of 1 to 6 provides as much individual attention as possible to each child. The culturally diverse and multi-lingual school age and summer camp staff reflects the diversity of the children of East Boston, and its surrounding communities.

Playschool offers a wide variety of opportunities for children to continue learning throughout the summer months.

Learning opportunities include educationally based field trips to a variety of museums and historical landmarks, educational computer games, multi-cultural exploration, reading programs, social development curriculum, environmental awareness activities, health/wellness curriculum, and

so much more.

Playschool campers have enjoyed trips to East Boston Camps, Children's Museum, and Museum of Science.

In addition, Playschool campers will visit different state park each week. Playschool also participates in AGM's cultural day, which provides funding for educational field trips The Constitution, Museum of Science, Museum of Fine Arts, Children's Museum, and Zoo New England.
